25 minuttir

12 tímar

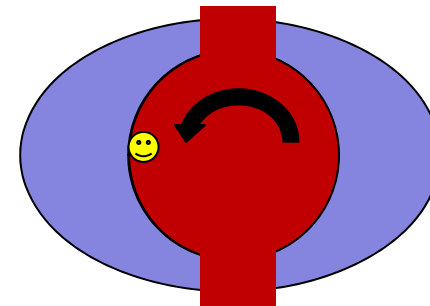

Vatnskorpuhædd við Oyrargjógv júlí 1990

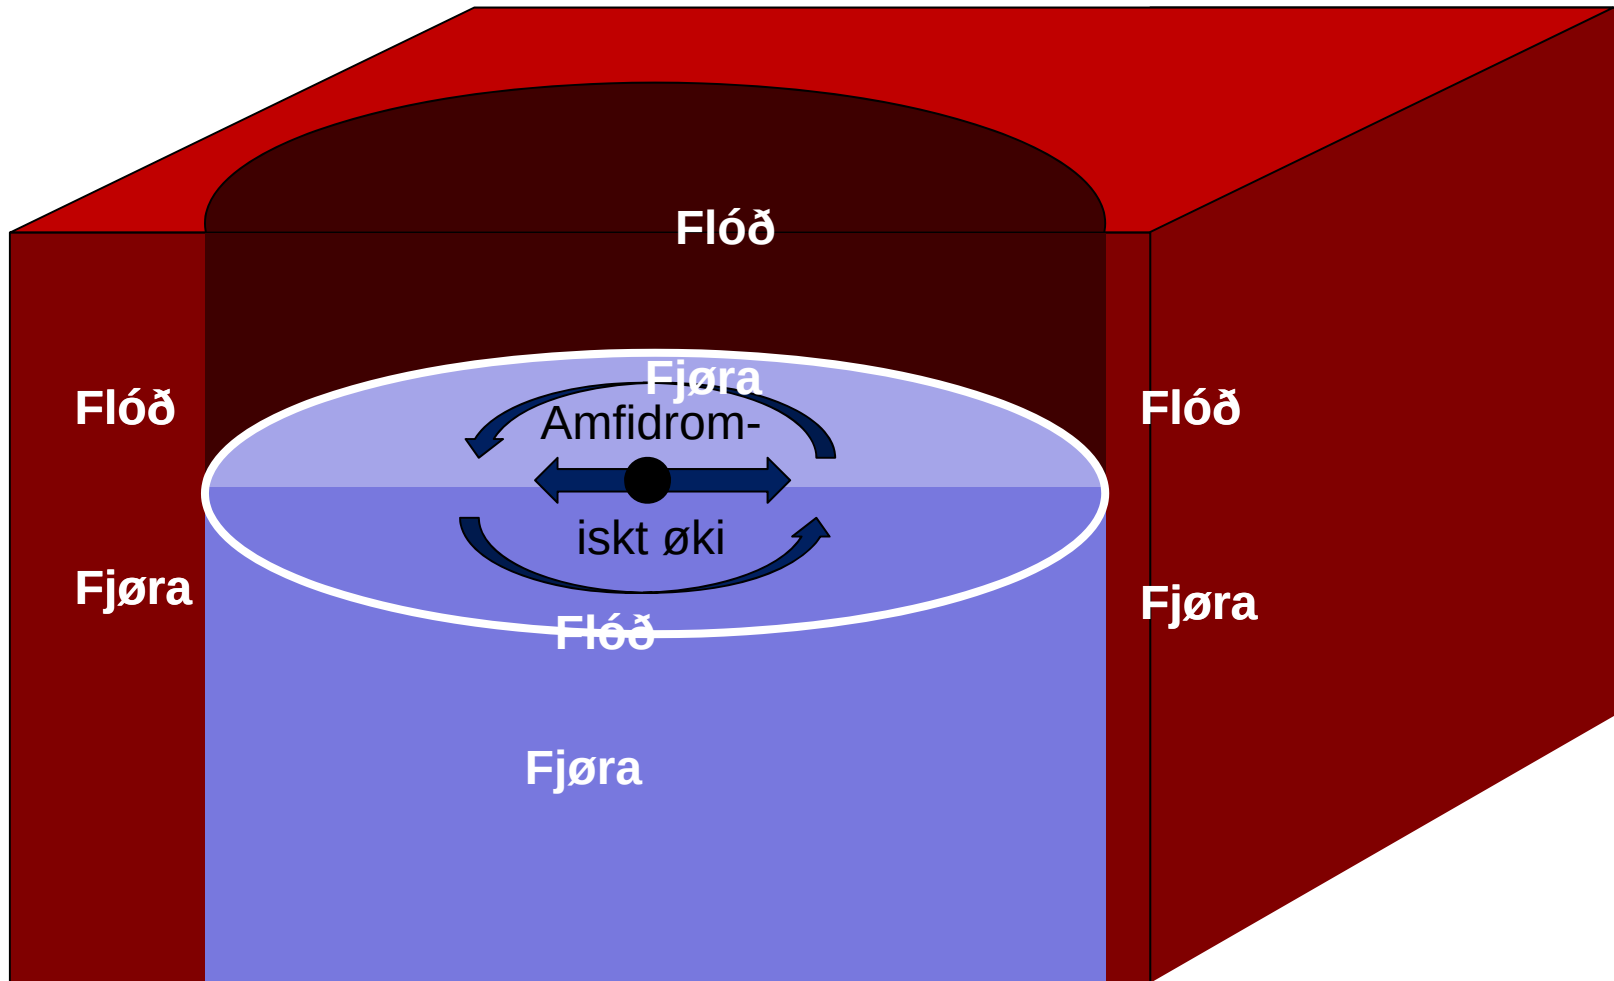

Sjóvarfallið er 2-3 dagar seinkað í mun til mánafasuna

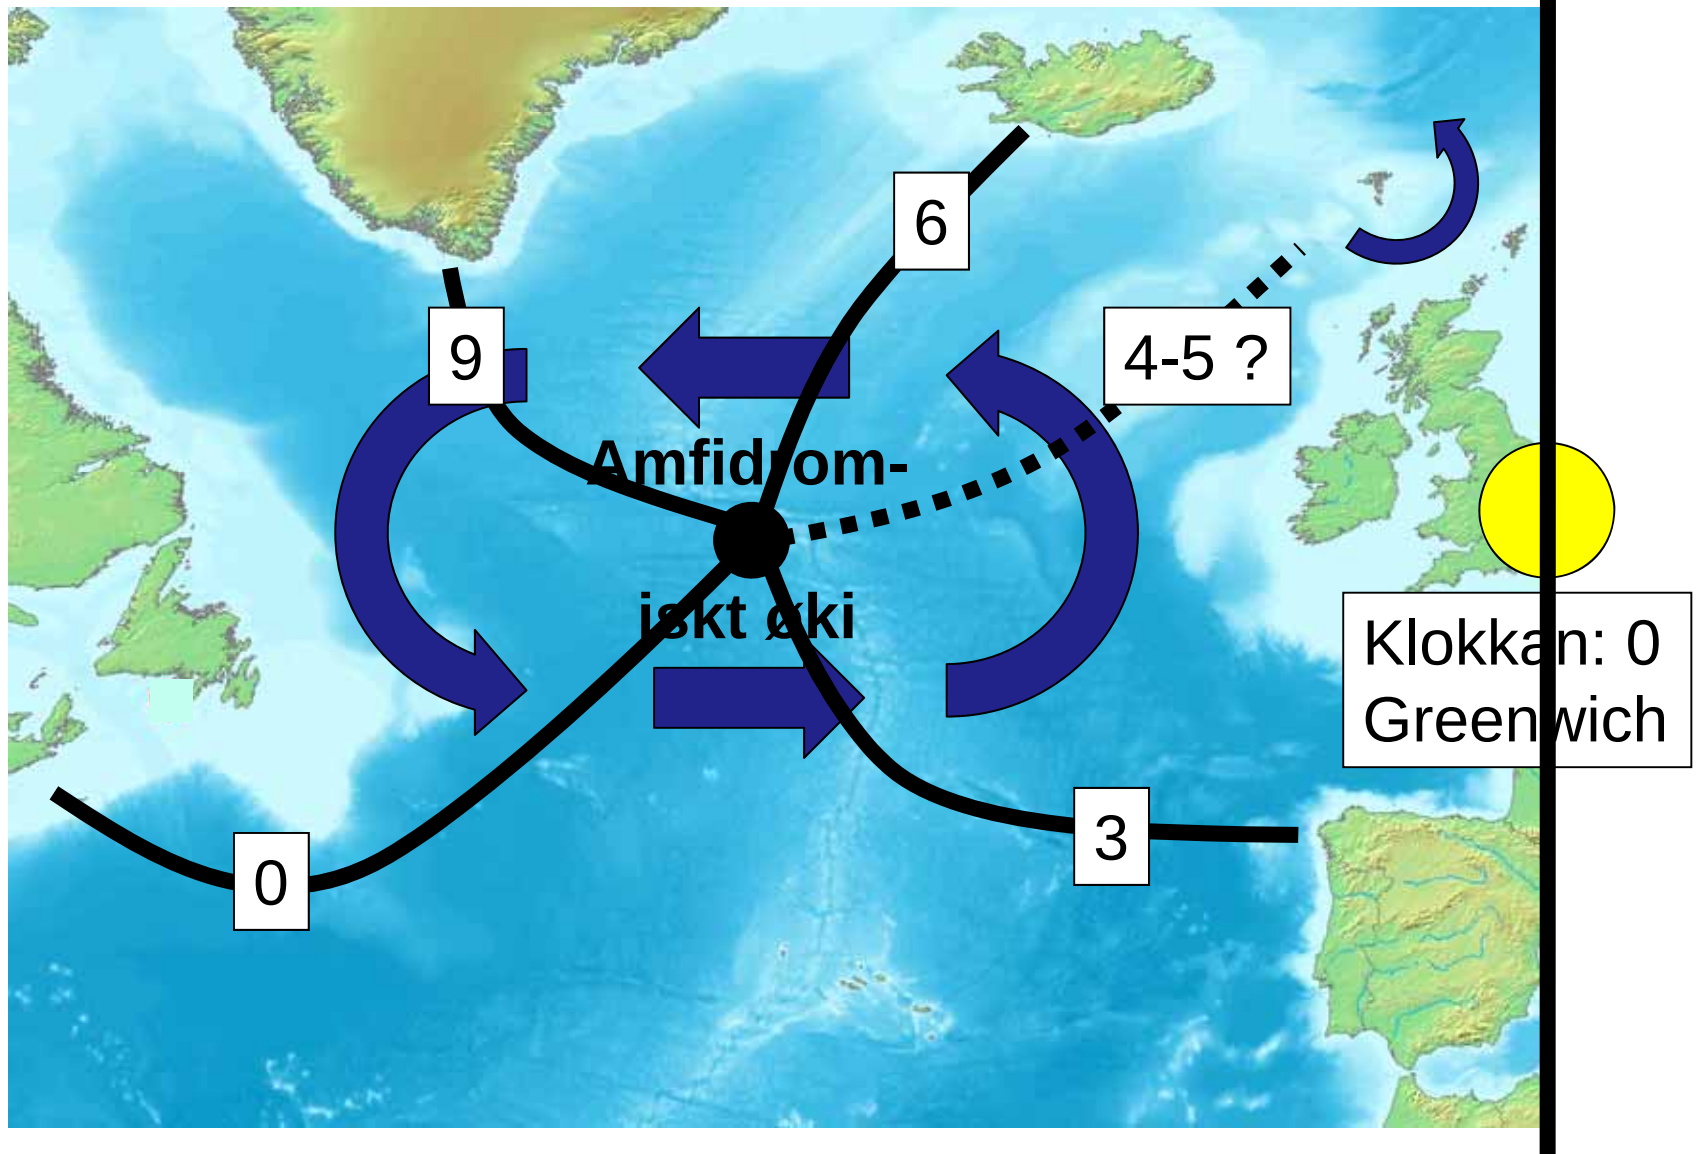

Men, Jørðin er ikki bara hav

Eitt runt hav á norðaru hálvu
Corioliskraftin fær sjóvarfalsalduna at mala

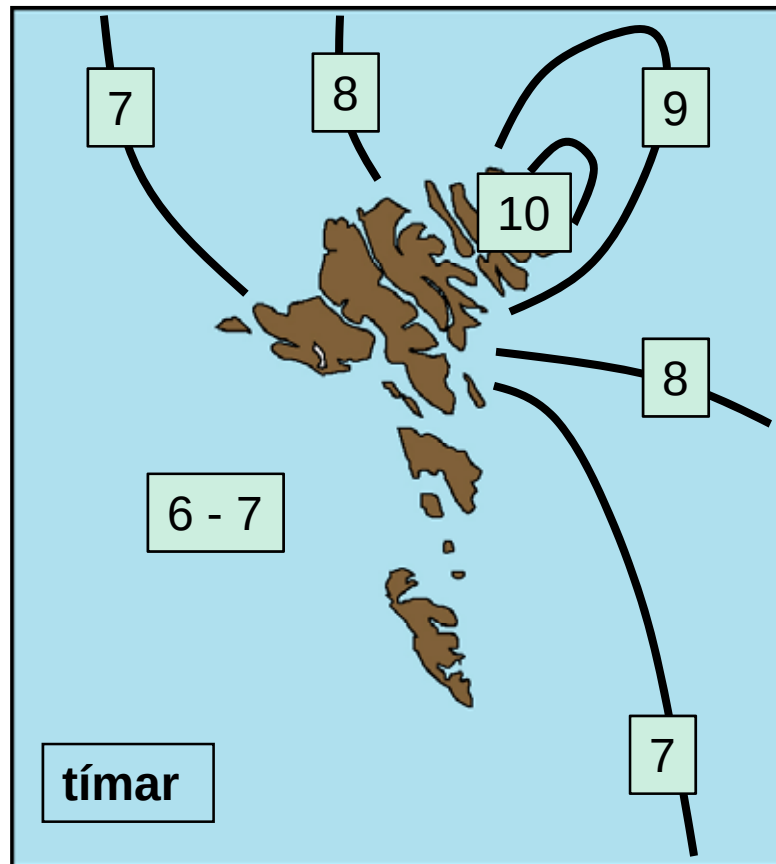

Nær er flóð í Norðuratlantshavi ?

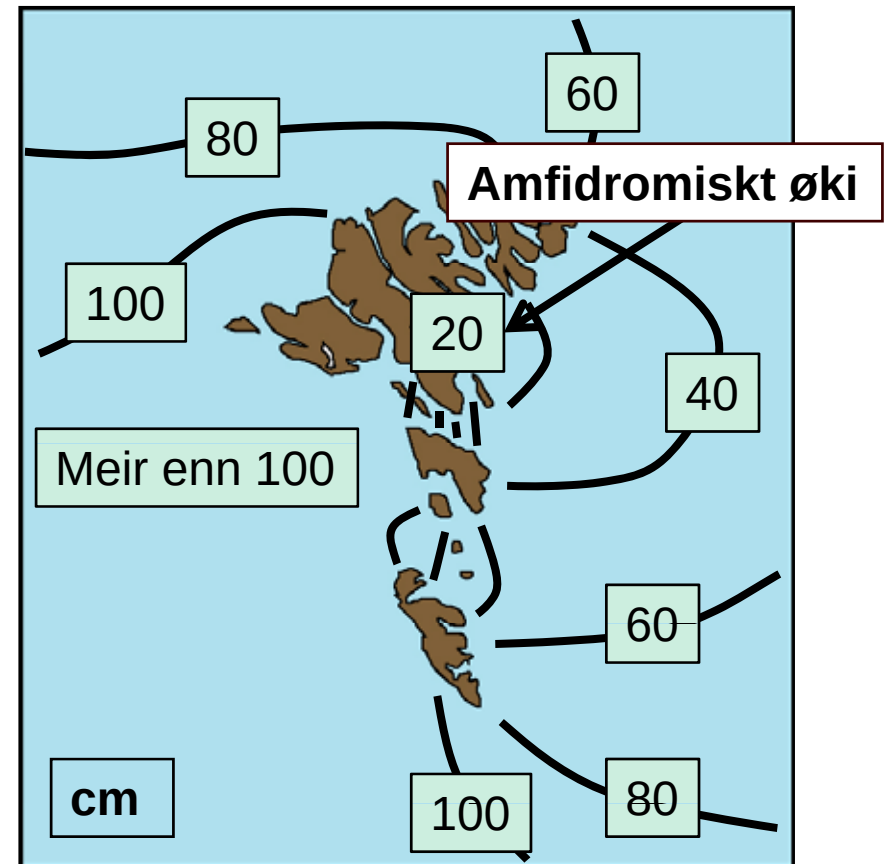

Sjóvarfallið við Føroyar

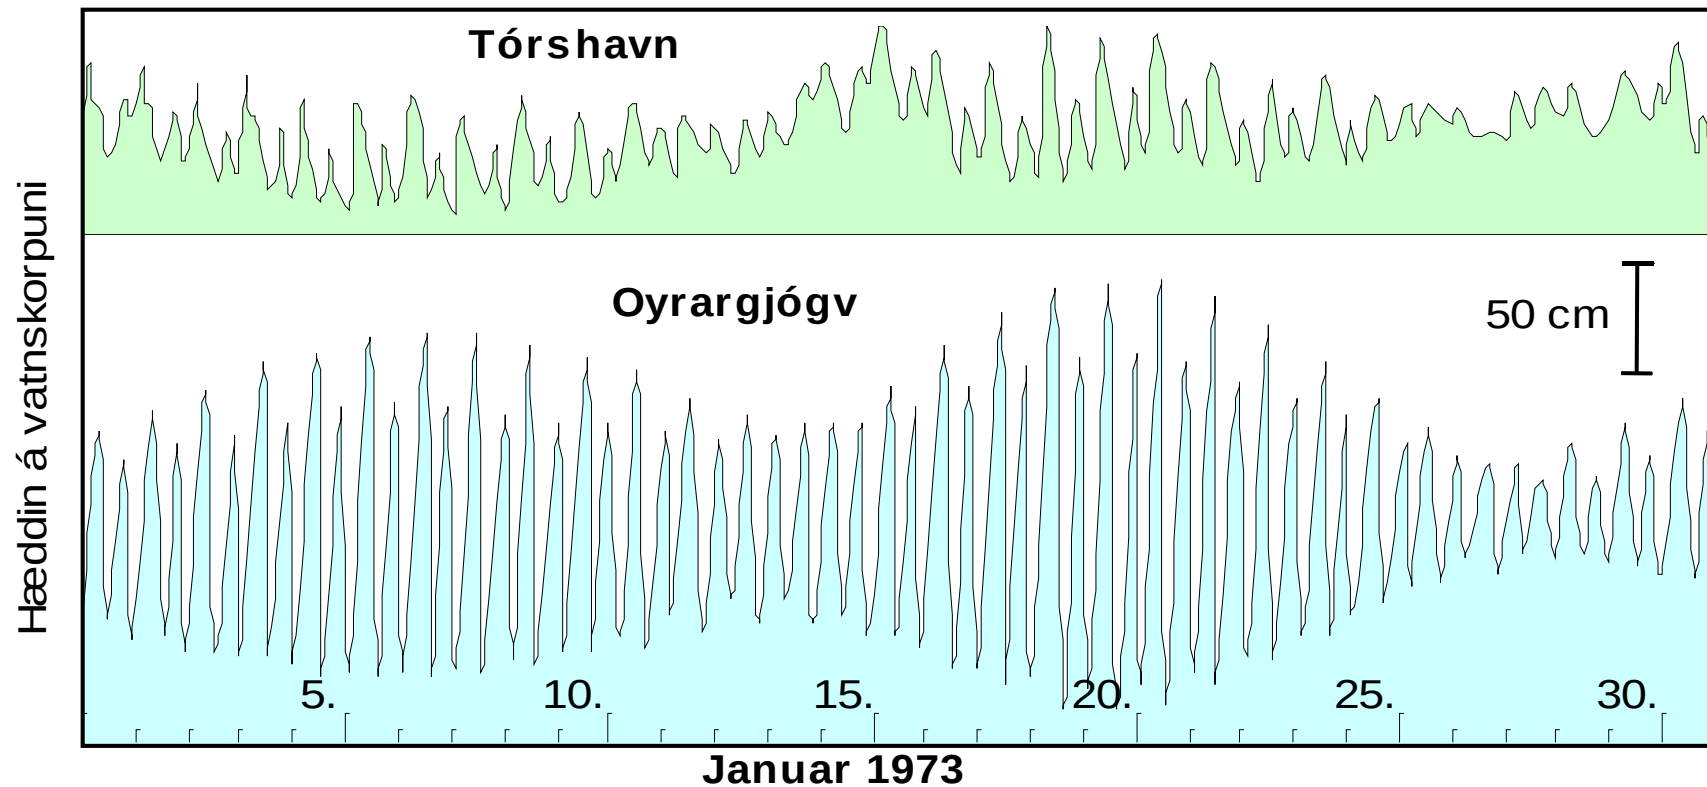

Flóðin seinkað í mun til mánan

Munur á flóð og fjøru

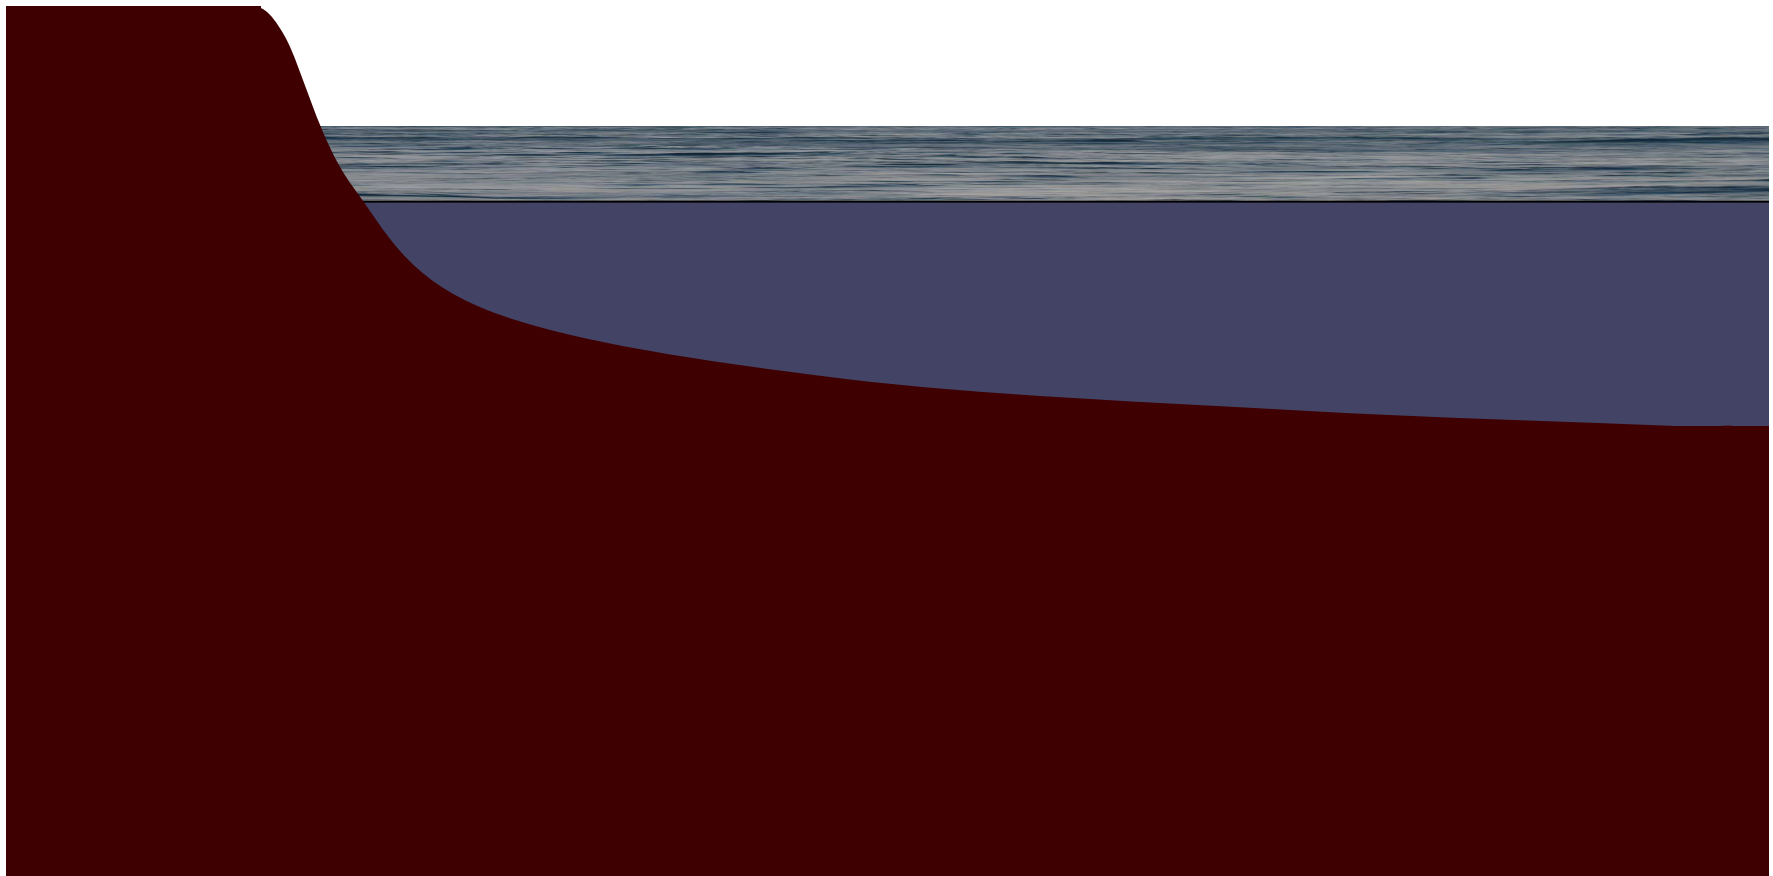

Í Havn er lítil munur á flóð og fjøru

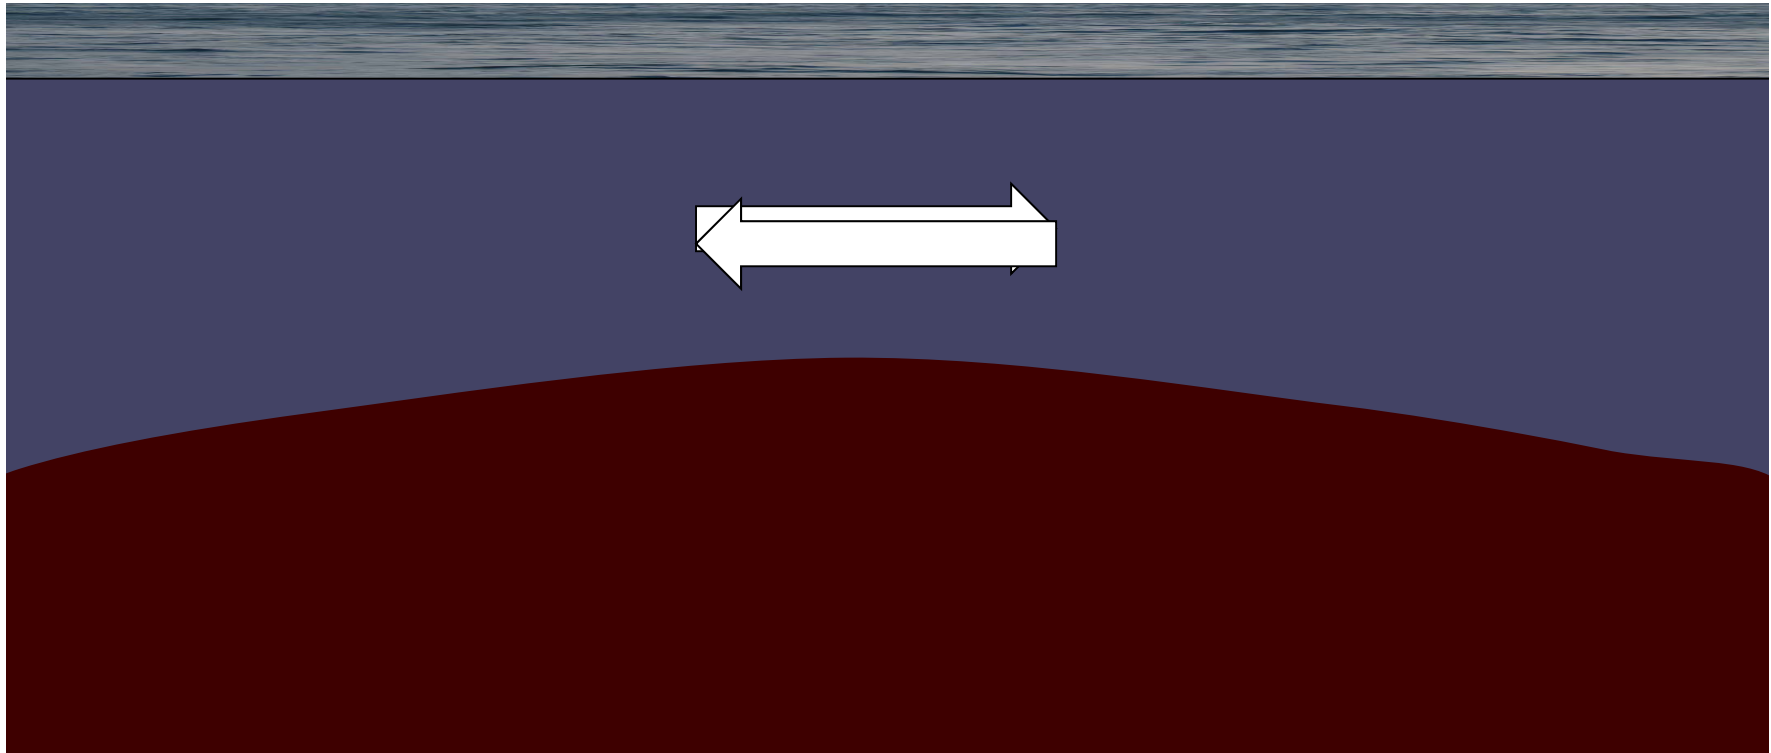

Hálvdagligt og dagligt sjóvarfall

Flóð og fjøra og streymur hanga saman

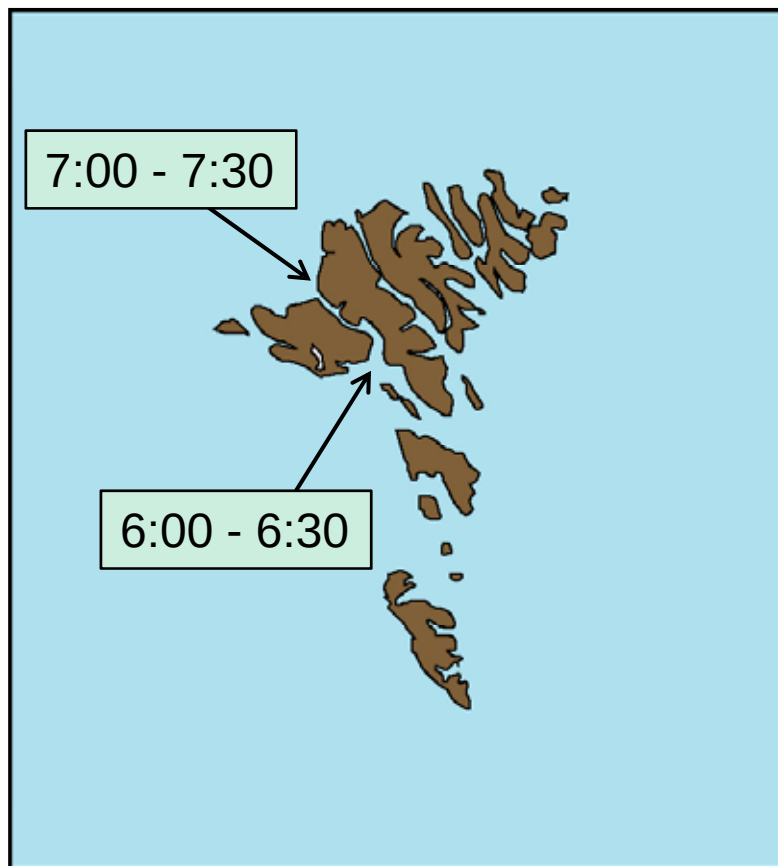

Vatnskorpuhall í einum sundi geður streym

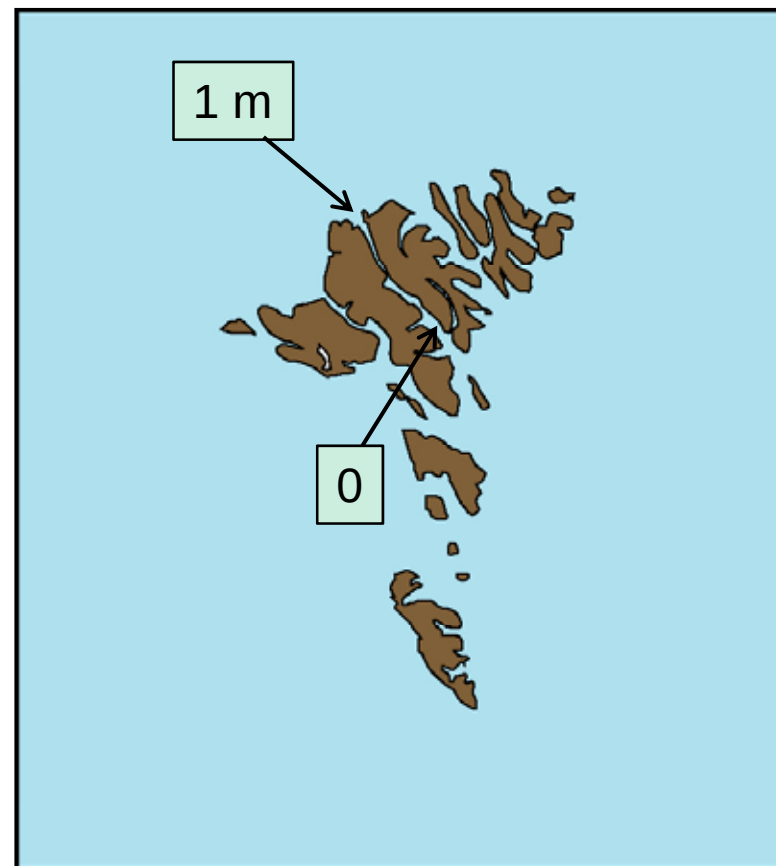

Harður streymur í sundum

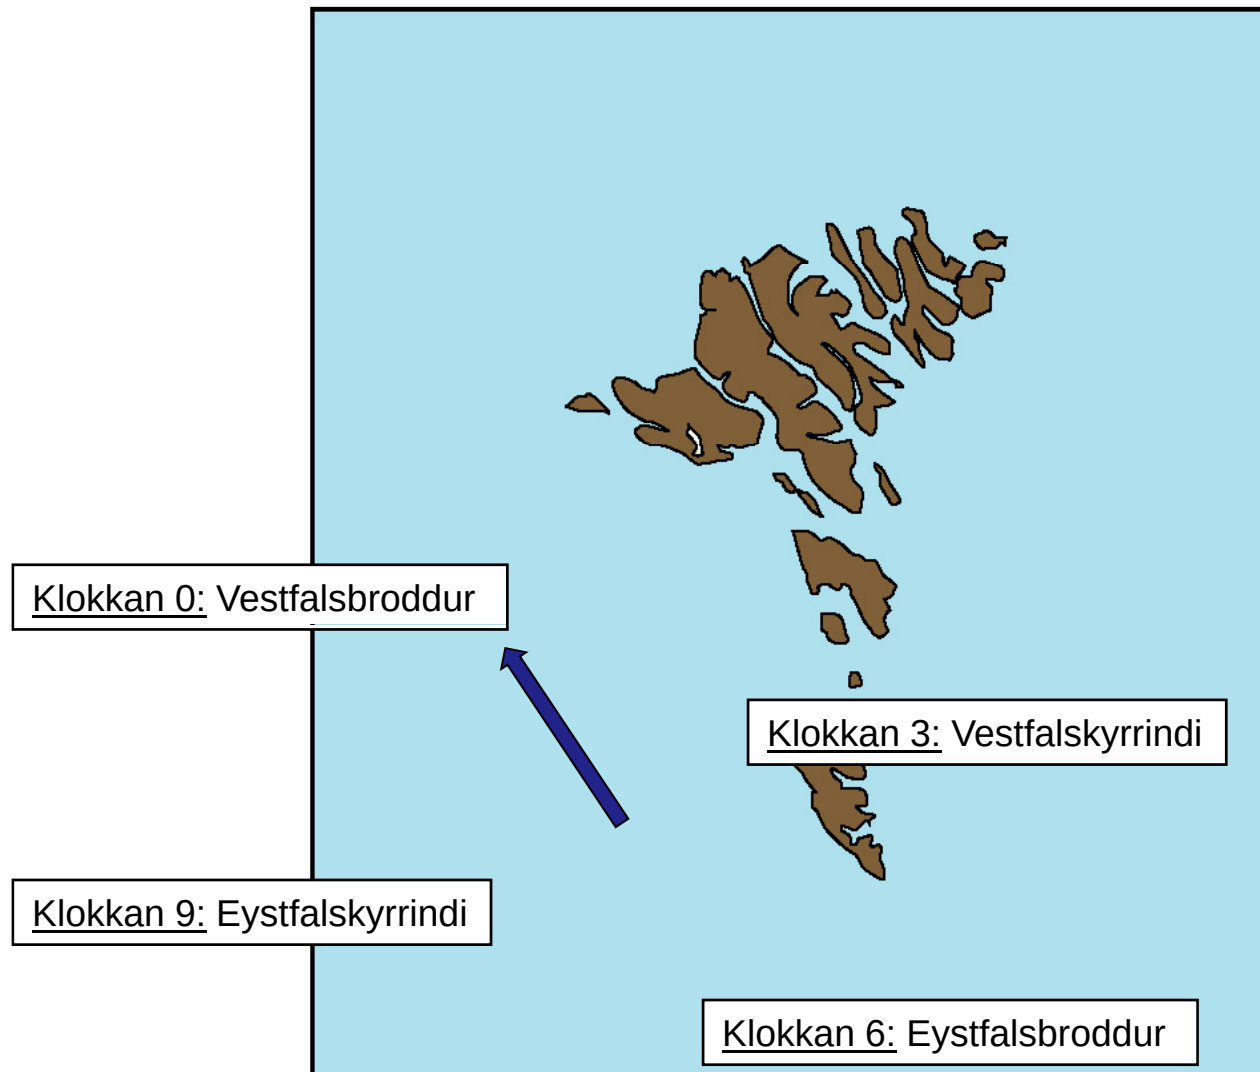

Nær er flóð í báðum endum á Vestmannaundi ?

Munur á flóð og fjöru í báðum endum á Sundalagnum

Streymur á opnum havi

A scenic view of a fjord with steep, dark mountains and a body of water in the foreground. The mountains are covered in patches of snow or light-colored rock. The water is dark blue with small waves. The text "Takk fyri" is overlaid in the center.

Takk fyri
